SHEPPY'S

MASTER OF CIDER

REAL CIDER TAKES TIME. 200 YEARS.

We are one of the oldest cider making families in the world with a proud history that goes back more than 200 years.

Today, under the watchful eye of David Sheppy, our sixth generation Master of Cider, we continue to champion the same traditional methods, using our superior crafting skills to produce award winning and world class premium craft ciders.

We wouldn't put our name on anything less.

BEEN BUSY...**

Investing in the future
and growth of our business

BUT SOME THINGS WILL NEVER CHANGE...

David Sheppy still champions the same
methods that were used by his
forefathers generations ago.

OUR HISTORY

Sheppy's is a family business founded in Somerset, in 1816. Two centuries later, David still champions the same methods to make his cider that were used generations ago - balanced with the very best of modern technology. Every drop is genuinely crafted using home or locally grown apples and natural wild yeasts. We press all of the apples used for our ciders on the farm - there is no secret recipe. It's simply about the experience and craftsmanship that has come from 200 years of knowledge and cider making, passed down through six generations of Masters of Cider.
